False religion corrupts personal faith.

1. False religion requires perfect proof to believe (11:29-32).
2. False religion smothers Christ's light with our likes (11:33-36).
3. False religion emphasizes externals over internals (11:37-44).
4. False religion obscures God's Word with man's words (11:45-52).
